REMARKS

**RETURN TO CIA LIBRARY**

25X1 1. No activity was observed in the barracks on Brank-  
 25X1 furterstrasse Fuerstenwalde (N 53/V 33), on 7 May  
 1950. The number of sentries had been reduced. [ ]

25X1 [REDACTED]

2. Traffic at the barracks on the road to Braunsdorf decreased considerably, contrary to previous observations. Soldiers seen wore black epaulets. [REDACTED]

25X1 [REDACTED]

25X1 3. Twelve 85-mm AA guns were parked on a concrete lane of the airfield on 19 May 1950. A sentry with field telephone stood beside the guns. [REDACTED] numerous AA guns had been shipped from the airfield allegedly for field exercises north of Magdeburg. \*\*

25X1 [REDACTED] Comment. The report indicates that the units of the 7th Gds Mecz Div left the mentioned barracks for a troop training grounds in April 1950. Trains carrying tank units from the Fuerstenwalde area were observed in Frankfurt/Oder on 24 and 25 April 1950, **heading** toward Cottbus. Frankfurt/Oder units of the 7th Gds Mecz Div were entrained and left toward Cottbus at the same time. [REDACTED] it can therefore be assumed that the elements of the 7th Gds Mecz Div went to the Lieberose area during April 1950, as they did in 1949.

\*\*  Comment. AAA components of the ? AAA Div of the Fourth Gds Wehr Army. Elements of this division presumably left for field exercises in April and May 1950.  There are no indications, however, that in 1950 the AAA units went to the area north of Magdeburg, possibly Letzling Heath.
